Pat Winblade is the recipient of one of our Service Awards for this year. She has been active in IAHPERD for many many years. Having served as the Middle School PE section chair in the mid 90's way before the reorganization.

She is the secretary and has been the sec for the 4 years. This is a tough job, trying to take minutes during the legislative and executive council meetings. Not only is this tough...it is also very very time consuming.

Pat has always there when someone needed help in any aspect of the association---as a presenter, as a gopher, or for someone to take a leadership role....she was always so willing to serve her profession.

She is a professional that never says no when another individual asks her to extend herself and work on another task force or committee. She loves her profession and because of her love....she serves her profession with a passion. It gives me great pleasure to present a 2006 Service Award to Pat Winblade
